INTRODUCTION

Here is a pair of Beats On-Ear headphones that mysteriously came loose on the right hinge. Repair is straight forward and only required some basic tools.

TOOLS:

- [T4 Torx Screwdriver](#) (1)
-

Step 1 — Beats Solo HD Right Hinge Pin Repair

- Remove the T4 Torx screws located above the right speaker.

Step 2

- Lift away the shield covering the screw holes.
- Pry off the shield directly below it.

Step 3

- Lift away the plastic shield and remove the pin.

To reassemble your device, follow these instructions in reverse order.
